Orico docking station for 2.5" / 3.5" HDD / SSD, 5Gbps, USB-C to USB-C/A with cloning function (black)

Orico 6656C3-C-EU-GY-BP-IP is a multi-functional docking station for 2.5" and 3.5" HDD/SSD drives that offers high-speed data transfer, versatile cloning capabilities and exceptional capacity. With USB-C and USB-A connectors, it provides support for a wide range of devices such as computers, laptops, consoles and even 4K TVs. It's a must-have solution for both professionals and technology enthusiasts who need reliable access to large amounts of data.

Performance and versatility

The Orico docking station supports simultaneous connection of as many as five drives, which translates into a huge capacity of up to 110 TB. With data transfer speeds of up to 200 MB/s for fast file copying and reading, it is ideal for managing large databases, video projects and other demanding applications. Support for USB 3.2 Gen1, UASP and TRIM protocols further enhances the efficiency of the drives, ensuring a stable connection and optimal use of storage space.

Offline cloning

One of the main advantages of this docking station is the offline cloning function, which allows you to easily copy the contents of one drive to another without the need for a computer. The process is simple and fast - just connect both drives, start the cloning function and wait for the operation to complete. What's more, an automatic sleep mode after 10 minutes of inactivity protects the drives from

overheating and extends their life.

High compatibility and ease of use

The Orico docking station is compatible with various operating systems, including Windows, Mac OS, Linux and Android, making it an extremely versatile device. With the included 2-in-1, Type-C to Type-C and Type-C to USB-A cable, you can connect your devices according to your needs. Whether you're working on a laptop, smartphone, tablet or 4K TV, the Orico station provides easy and fast access to your data.

Robust design and efficient cooling

Made of sturdy aluminum alloy, the Orico docking station not only looks great, but also provides efficient heat dissipation, which is crucial when working intensively with multiple drives. Anti-slip pads and dustproof covers further enhance safety and convenience. The optimized internal structure of the station guarantees the stability and longevity of the hardware, even in harsh working conditions.

Endless connection possibilities

With support for a wide range of devices, from computers and phones to routers and TVs, the docking station offers unlimited connectivity and data management. It's ideal for both home and professional use, where reliability and high performance count.

Included

Orico docking station for 2.5" / 3.5" HDD / SSD, 5Gbps, USB-C to USB-C/A with cloning function (black) User manual AC adapter Packaging C-C/A data cable

Name: Orico docking station for 2.5" / 3.5" HDD / SSD, 5Gbps, USB-C to USB-C/A with cloning function (black) Manufacturer: Orico Model: 6656C3-C-EU-GY-BP-IP Bays: Five bays (with offline cloning function) Color: Black Material: Aluminum alloy Output: Type-C (5 Gbps) Supported capacity: 110TB (22TB) Power supply: 12V/6.5A Data cable: Type C-to-C/A (100 cm) Dimensions: 242 x 144 x 70 mm Supported systems: Windows, Mac OS, Linux, Android
