

Orico 2580 HDD/SSD 2.5" drive enclosure, 5Gbps, USB-A to USB

Ref: 6942227116963

Orico 2580 HDD/SSD 2.5" drive enclosure, 5Gbps, USB-A to USB Micro-B (black)

Orico 2580 2.5" HDD/SSD Drive Enclosure, 5Gbps, USB-A to USB Micro-B (black)

The Orico 2580 drive enclosure is a unique combination of classic and modern, designed for users who appreciate both functionality and aesthetics. Designed for 2.5-inch SATA hard drives, it offers an impressive capacity of up to 6TB, allowing you to store large amounts of data without removing it. It's intuitive and easy to install, and the included two DIY stickers make it customizable to your preferences.

Rugged construction and broad compatibility

The Orico 2580 is compatible with a variety of devices such as computers, TVs, PS5 consoles and smartphones, and works with systems such as Windows, Linux, Android and Mac OS, making it a versatile tool for everyday use. Made of high-quality ABS material, the case is shockproof and resistant to all kinds of damage, providing solid protection for internal hard drives, while a built-in cotton liner offers an extra layer of protection, safeguarding your equipment from possible injuries.

Speed, performance and intelligent power management

The case guarantees lightning-fast data transfer speeds of up to 5 Gbps, while the USB 3.0 protocol provides transfer rates of 490 Mbps. Support for UASP protocols and TRIM functions significantly improves data read and write performance, making this enclosure an extremely efficient solution. After 10 minutes of inactivity, the device automatically enters sleep mode, which increases its lifespan and protects data from damage or loss. The built-in LED indicator allows you to conveniently monitor the operating status of the hardware,

giving you full control over its functioning, and thanks to the plug and play feature, operating the enclosure is extremely easy and intuitive.
