

Vention KUFL0-10 Silicone Case for iPhone 15 (blue)

Ref: 6922794787438

Vention KUFL0-10 Silicone Case for iPhone 15 (blue)

Vention KUFL0-10 protective case for iPhone 15 (blue)

Vention's sleeve offers elegant and functional protection that perfectly fits your iPhone. Made of the highest quality liquid silicone, it provides a soft and silky grip that not only enhances comfort, but also protects against potential damage.

Compatible with MagSafe technology

The case is equipped with 38 strong N52 magnets, which guarantee a safe and stable connection with MagSafe accessories. The magnetic force of 7N-8.5N ensures a secure hold, making the case ideal for wireless charging and the use of accessories such as magnetic powerbanks and holders.

Effective protection and comfort

The liquid silicone case not only feels great in the hand, but also protects against scratches, thanks to raised edges - 3.5mm around the camera and 1.6mm around the screen. The integrated elevations protect the sensitive parts of the phone from bumps and drops, proving itself in everyday use. The soft microfiber lining inside the case absorbs shocks while preventing scratches.

Perfect fit and precise cutouts

The accessory is distinguished by precise cutouts that provide easy access to all ports, while specially designed buttons respond quickly

and smoothly. The speaker holes are further protected from dust, which increases durability and extends the factory condition of your phone.

Easy cleaning and durability

The case has an enhanced antique coating, making it easy to keep clean. A quick wipe is all it takes to remove all dirt and fingerprints, making your phone always look like new.
