Electric clipper and trimmer Glaker GL 6026B+1019B

Glaker GL 6026B+1019B electric clippers and trimmer.

The Glaker electric clipper and trimmer is a comprehensive set that will give you professional results in the comfort of your home. With a motor speed of 6,500 RPM, it guarantees exceptional performance, while the steel blades provide incredible precision. The set also comes with a variety of interchangeable comb attachments in different sizes, allowing you to customize your hairstyle to suit your personal preferences.

Precision first

The tools are equipped with self-sharpening stainless steel blades that enable extremely accurate cutting, eliminating the risk of hair pulling or skin irritation. And the motor speed of up to 6,500 RPM guarantees incredible power and efficiency during use, so you'll achieve professional results in no time.

Ready for intensive use

You no longer have to worry about your razor or trimmer unexpectedly discharging during a haircut! Their run time reaches up to 150 minutes on a single charge, so you can focus on creating the perfect hairstyle with peace of mind. They're also equipped with an LED display that lets you know the remaining running time and displays reminders to lubricate the blades. What's more, both the razor and trimmer can be used corded and cordless.
