TWS Joyroom Funpods Headphones JR-FN2 (black)

### Joyroom Funpods Series JR-FN2 Headphones (black)

The Joyroom Funpods Series JR-FN2 headphones are the perfect combination of modern technology and stylish design. With a compact design and weighing just 3g, they offer maximum comfort. Equipped with a 500 mAh charging case - they provide up to 7 hours of music playback. Enjoy great sound quality and listen to your favorite songs whenever you want!

### ANC noise reduction

Cut off the noise. The headphones offer an active noise cancellation (ANC) function that effectively suppresses unwanted background noise. With this technology, you can focus on your music or conversation while enjoying clear sound without distractions. ANC makes the JR-FN2 ideal for use in noisy places such as buses, supermarkets and shopping malls.

### Bluetooth 5.4 - guaranteed reliable connection

The JR-FN2 headphones use the latest version of Bluetooth 5.4, which ensures a fast and stable connection to your devices. As a result, you can listen to music freely without worrying about problems with latency or sound quality.

### Long operating time

The JR-FN2 is also distinguished by its long operating time. It allows you to play music for up to 5 hours with ANC technology enabled, or

up to 7 hours if you don't use it. Charging the headphones with the included case won't take long either - about 0.5 hours is enough.

#### Excellent sound quality

Discover your favorite songs in even better quality. The headphones are equipped with 10-millimeter drivers to deliver deep, detail-saturated sound and powerful, crisp bass. Just put them in your ears and feel like you're at a concert!

#### Waterproof and comfortable

With an IP54 waterproof rating, the Joyroom JR-FN2 are resistant to moisture and dust, making them a great choice for active users. They're not intimidated by sweat, so you can listen to music during workouts without worry! What's more, each earphone weighs just 3g, which translates into exceptional wearing comfort.
