TWS Joyroom Funpods Headphones JR-FB1 (pink)

In a world full of rhythms and sounds, the Joyroom JR-FB1 Black wireless headphones are the perfect combination of technology, comfort and style. Equipped with the latest version of Bluetooth 5.3, they offer exceptional sound quality in accordance with AAC and SBC decoding, ensuring that every note is smooth and clear. With their ergonomic design, long operating time and IP54 water resistance, they are not only practical, but also a reliable companion for every day.

Advanced Bluetooth technology

The state-of-the-art Joyroom JR-FB1 headphones are equipped with the latest version of Bluetooth 5.3, providing a stable and fast connection over a distance of up to 10 meters. This means you can enjoy your music without interference, even while moving around your home or office. The technology also guarantees lower latency in audio transmission, which is especially important when watching movies or playing games.

High quality sound

Thanks to the BT AAC and SBC codecs, the headphones offer excellent sound quality. So you can experience deep bass, clear treble and clearly defined mid-range. This makes every note exactly as it should be - clear and pristine.

Long-lasting performance

The JR-FB1 Black headphones have an impressive music playback time of 7 hours on a single charge and a total playback time of up to 35 hours with the case. Such long operation makes the headphones ideal for people who are constantly on the go and don't want to be limited by constantly charging their device.

Rugged design and water resistance

In addition to excellent sound quality, the Joyroom JR-FB1 headphones are also IP54 waterproof, making them an ideal choice for active users. You can use them while exercising, running or even in light rain without worrying about damage. From today, nothing will limit you!

Wearing comfort

Joyroom headphones have been created with wearing comfort in mind, which is reflected in the headphones' light weight of just 3g. As a result, wearing them for long periods of time does not cause discomfort, and their ergonomic shape perfectly adapts to the shape of the ear. Now you can listen to your favorite music even during a very long trip!
