Powerbank Aukey PB-Y42, 20000mAh, 30W PD (black)

Powerbank Aukey PB-Y42, 20000mAh, 30W PD (black)

With a capacity of 20,000mAh, 30W PD fast charging and the ability to renew the energy of 3 devices at the same time, the Aukey PB-Y42 powerbank will meet the needs of even the most demanding users. Say goodbye to limitations and enjoy reliable performance of your equipment - even on the go!

High capacity

The Aukey PB-Y42 powerbank offers a capacity of 20,000 mAh, so it can charge an iPhone 14 Pro as much as 3.6 times, a Samsung S22 3.2 times, an iPad Pro 11 1.6 times and a MacBook Pro 13 1.3 times. So you can be sure that the devices you need won't discharge at the wrong time!

Fast charging

The 30W PD fast charging technology allows you to charge your iPhone 14 up to 86% in just 30 minutes. Forget about the long wait! In addition, the powerbank supports the PPS protocol and offers a low-current charging mode, which is ideal for powering smaller devices such as smartwatches or wireless headphones. The solution used protects your devices from overcharging and ensures a longer life.

3 ports

Charge 3 devices simultaneously with 3 output ports - 2x USB-C with 30W each and one USB-A with 22.5W. You don't have to limit yourself anymore!

Companion on the go

Despite its large capacity, the dimensions of the Aukey PB-Y42 are only 146 x 74 x 23 mm, and it weighs less than 378 g. This makes the device perfect for traveling - you can even take it on a plane.

Safe power renewal

Don't worry about the safety of your equipment. The Aukey PB-Y42 powerbank provides over-current protection and protection against over-discharge, short circuit and overheating. So you can be sure that charging is always done safely.
