

Nillkin Nature TPU Pro Magnetic iPhone 16 Pro Case (blue)

Ref: 6902048287297

Nillkin Nature TPU Pro Magnetic iPhone 16 Pro Case (blue)

Nillkin Nature TPU Pro Magnetic iPhone 16 Pro Case (blue)

The Nillkin Nature TPU Pro Magnetic case in blue is the perfect solution for iPhone 16 Pro users who are looking for protection without compromising on aesthetics. With its transparent design, the case highlights the iPhone's original colors while providing full protection. Equipped with magnetic technology, the case works with fast wireless charging for everyday convenience.

Excellent clarity and durability

Made of eco-friendly materials such as TPU and polycarbonate, the case offers long-lasting clarity that won't yellow or fade over time. The use of multi-layer polishing gives the transparency the highest level, which preserves the phone's natural appearance. The materials used are not only durable, but also environmentally friendly, making the case a responsible choice.

Advanced protection in any situation

The case's built-in cushioning layer and special reinforcement technology protects your iPhone from scratches, bumps and drops. The quadrangular design with air cushions in the corners further minimizes the risk of damage from falls, and the raised edges effectively protect the screen and camera.

Magnetic attachment and fast charging

The use of rare earth magnets and a double-ring magnetic design ensures a strong and stable attachment with a pulling force of up to 1,500g. The case is fully compatible with wireless charging, making it an ideal choice for those who value fast and convenient charging.

Convenient use and dirt protection

The Nillkin Nature TPU Pro Magnetic case offers not only protection, but also comfortable use. The textured, non-slip surface and precise button cutouts make the phone easy to use and securely fit in your hand. In addition, the resistance to sweat, dust and fingerprints ensures that the phone looks clean and aesthetically pleasing at all times.

Refined details for full functionality

The case is equipped with special lanyard holes for easy carrying of the phone, as well as precise cutouts for all ports and buttons. The use of 3D button technology and micro-arc edges makes using the phone even more intuitive and comfortable.
