PolarPro CP filter for DJI Mavic 3

Create even more stunning aerial photos and videos. Designed for the DJI Mavic 3, the CP filter by PolarPro is made from premium German CinemaSeries Glass for color neutrality and low refractive index. The AirFrame 4.0 aluminum frame is extremely durable, yet lightweight - it won't affect your drone's flight quality in any way. The CP filter allows you to capture crisp deep colors and reduce unwanted glare, reflections or haze. The accessory comes in a practical package that will make it easy for you to transport and store.
