MIST VND 3-5 PolarPro LiteChaser Pro Filter for iPhone 13 / iPhone 14 (Pro / Pro Max)

Create even more beautiful photos and videos with your smartphone. The MIST VND 3-5 filter by PolarPro fits the iPhone 13 / iPhone 14. The set also includes a Defender Mini cover and a special protective case that allows you to transport the accessory comfortably and safely. Note: the LiteChaser Pro iPhone 13 / iPhone 14 case is required to use the filter. The accessory does not fit older LiteChaser Pro case models.

Better image quality

The filter combines VND and light diffusion effects to give your images a softer yet creative feel. With its help, you can easily get the results you dream of. The product is also adapted to work with FILMiC Pro and Moment Pro Camera applications. What's more, the aluminum frame is extremely lightweight yet durable. The accessory is designed to be compatible with future smartphone models as well.
