

Camera backpack Puluz Waterproof PU5015B

Camera backpack Puluz Waterproof PU5015B

Ref: 5907489608480

Puluz PU5015B Waterproof Photo Backpack

Take care of transporting your camera, camcorder, drone or other items safely. The Puluz PU5015B photo backpack is distinguished by its large capacity, and thanks to its detachable compartments, it allows you to optimally organize your space. It is also extremely durable and waterproof. It was designed to ensure your comfort during any expedition or outdoor photo shoot.

Large capacity

This practical backpack is extremely capacious. You can easily fit in it your photographic equipment with accessories - for example, camera and lenses, flash drives, drone or game console. Going on an outdoor adventure? You can pack in your backpack, for example, changing clothes, provisions, laptop, smartphone, powerbank, towel, sunglasses, toothpaste and toothbrush, comb or medicines.

Get organized

The backpack is designed to allow you to organize your space optimally. It is equipped with plenty of pockets, including zippered ones. You will also find detachable 1 cm foam inserts, which you can use to create compartments of any desired size. In this way you can adjust the interior of the backpack to your expectations and make it easier to keep things tidy!

Comfort of use

Now you can go on even an extremely demanding hike without worry. The PU5015B's back and suspenders are made of soft, breathable materials so you don't have to worry about breaking a sweat. What's more, the buckled chest strap makes the backpack fit better and distribute the weight more evenly. This unique product will give you the comfort you deserve.

Fearless of extreme conditions

Don't worry about the safety of your devices. The outer layer of the backpack is made of waterproof and durable Oxford fabric, which makes it extremely low susceptible to damage and wear. The product also has a durable metal zipper. Caught in a heavy downpour? Put an extra rain cover on the backpack and don't worry about a thing!
