

## Wireless mechanical keyboard Dareu EK871 Bluetooth + 2.4G RG

Ref: 6950589912260

Wireless mechanical keyboard Dareu EK871 Bluetooth + 2.4G RG

Dareu EK871 Bluetooth Wireless Mechanical Keyboard BT

The Dareu EK871 keyboard features 71 PBT keys with long-life switches. You can connect it to your computer via Bluetooth 5.0, 2.4G band or via a USB-C cable. The device also has a built-in 1900 mAh lithium battery, a switch for changing devices, and a special magnetic tripod.

3 connection possibilities

Connect your keyboard the way you want. If you value the freedom that wireless solutions provide, choose to connect via Bluetooth 5.0 (or 3.0) or 2.4G band. You can connect 3 devices at the same time, built-in button enables switching between devices. Also, you can use a USB-C cable. It is compatible with Windows, iOS, macOS and Android.

High capacity lithium battery

The keyboard has a built-in 1900 mAh lithium battery. With the backlight off, you can use it for about 20 days on a single charge. When the backlight is on, the battery life is up to 4 days. It only takes about 6 hours to charge the EK871. You can also use the keyboard while charging.

Additional facilities

With magnetic tripod that rotate 90°, you can raise the keyboard by 3.5 mm. The force required to activate the red switches is only 45g and the activation point is 2 mm. Moreover, the Esc button backlight will give you key status information. The PBT keys with laser engravings are resistant to abrasion and wear. The keyboard is also extremely compact, so it won't take up much space on your desk.

#### Modern design

The design of the device focuses on the combination of functionality and modern style. RGB backlighting gives it a modern character, and the applied solutions take care of comfort during use. Choose from 20 available modes and adjust the visuals to your expectations. The keyboard also has function keys that will make your work easier.
