Multitool Nextool NE0104 16 in 1 (silver)

Ref: 6945064210313

16 in 1 Nextool multitool NE0104

Do you need a reliable, handy set of tools that will make your everyday activities easier? The Nextool multitool is just for you! The NE0104 will give you access to up to 16 tools, such as pliers, screwdrivers, cutters. The highest quality materials have been used in production, without sacrificing compact design.

16 tools in your pocket

The NE0104 model provides access to as many as 16 different tools, including 2 types of pliers, cable cutters, screwdrivers or a bottle and can opener. The compact design of the tool allows you to always have it with you without feeling heavy. A list of all available tools can be found in the specifications at the bottom of the page.

Also for special applications

The classic and needle-nose pliers deserve special mention. These make it easy to twist steel wires or tighten screws with large heads. You also have access to 3 different types of cable cutters. With this tool you can easily cut through 1.6 or 2.5 mm cables (steel and electric). Opt for versatility without sacrificing quality!

Top-class materials

Top-quality materials were used in the production of NE0104, resulting in high strength and resistance to impact and wear. The tool is made mainly of stainless steel 30Cr13 class, and the blade of special 50Cr15MoV variety. Using the best components makes this Multitool reliable and extremely durable - it will serve you for many years.
