Camping lamp Nextool NE20016, 600lm, USB-C

Ref: 6945064210894

Smart Nextool lamp NE20016

Do you want to equip yourself with a portable light source that will not disappoint you with its power and efficiency, plus it has a number of useful modes? The Nextool NE20016 is just for you. The lamp is able to generate light with a brightness of up to 600 lumens and has a powerful rechargeable battery. It also features simple operation and many available mounting types.

High functionality

The lamp has 5 operating modes. White low can provide up to 168 hours of continuous operation (15 lm). White mid is a balanced setting with a brightness of 150 lm, and White high enables generating a beam of light with a brightness of up to 600 lm. NE20016 can also shine steady or blinking red light and activate Atmosphere light mode - supporting dynamic change between 7 colors (white, yellow, green, blue, purple, pink, red).

Efficient power supply

The NW20016 is equipped with a powerful 5000 mAh battery. This allows it to achieve up to 168 hours of operation in White low mode. The device is charged via a USB-C cable and can even be initiated using a powerbank or laptop. The lamp also has a charge level indicator.

Clever design

The device can be operated using just 1 button. It will turn the lamp on and off and change its mode. What is more, a special hook and a magnet located on the base make it easy to install the lamp in a chosen place. Choose a combination of efficiency and convenience - no compromises!
