iThe iPega PG-SW038S gaming controller

Get an even more engaging gaming experience. The iPega PG-SW038S Wireless Gaming Controller features a 6-axis gyroscope and 2 vibration-generating motors to enhance your gaming immersion. The ergonomic design makes it feel great in your hand and the 4 programmable buttons allow you to customize it to your needs. The pad is also distinguished by its wide compatibility and a battery life of up to 8 hours.

More immersion

Now you can become even more immersed in the gameplay and freely traverse fantastic worlds alongside your favorite characters. The controller has 2 built-in motors that make it respond to game events with gentle vibrations, thus increasing the immersion. What's more, the 6-axis gyroscope allows for better direction detection and unmatched smoothness. Take turns or dodge bullets without worrying!

Ergonomic design

Enjoy unparalleled gameplay comfort. The iPega branded pad is made of high-quality materials that are pleasant to the touch and friendly to the skin. Thanks to its ergonomic design, the controller fits perfectly in users' hands. Anti-slip elements provide a firm grip and minimize the risk of falling off the device. Now you can play for hours without fear of fatigue!

Programmable buttons and Turbo function

The controller is equipped with 4 special buttons that you can program. Now you can activate your favorite function or perform a complex combination of moves with just one click! The device also supports the Turbo function, so you can break another record without much effort. Simply press the button to send a hail of bullets or arrows at your opponents in the game!

Up to 8 hours of gameplay on a single charge

Game as long as you want - a controller that drains too quickly won't derail your plans. The iPega PG-SW038S pad is equipped with a durable 400mAh battery. Fully charged, it can run for up to 8 hours or up to 30 days in standby mode. Charging the device takes only about 3 hours.
