Darkflash DLC31 Computer Case

Darkflash DLC31 is a computer case characterized by high capacity and modern design. The use of tempered glass allows you to expose the visual values of your hardware configuration and the high-performance USB 3.0 ports ensure a high throughput. The case also offers 7 expansion slots.

Enormous possibilities

The ATX, M-ATX and ITX motherboard compatibility is guaranteed. The DLC31 is a perfect fit for a 160 mm high CPU and a 340 mm long graphics card. With the DLC31 you can assemble your dream PC without worrying about any limitations.

Performance and convenience

The case comes equipped with 2 USB 3.0 ports for a high transmission rate. In addition, it has 7 expansion slots, so you will be able to expand your configuration in the way you choose.

Modern design

The design of the case supports an optimal airflow. Its mesh front panel also allows for the highlighting of selected components, as does the tempered glass side panel. With the DLC31, you can bet on a combination of functionality and modern style.
