

CPU active cooling Darkflash S11 LED (heatsink + fan 120x130)

CPU active cooling Darkflash S11 LED (heatsink + fan 120x130)

Ref: 4710343792628

Darkflash S11 LED active CPU cooler

Create an optimal working environment for your CPU. Darkflash S11 LED active CPU cooler ensures proper heat dissipation to improve CPU performance. It is also equipped with LED backlighting to highlight the modern character of your hardware.

High performance

The S11 design focuses primarily on high cooling efficiency. Excellent thermal conductivity, combined with 4 copper heatpipes, achieve first-class efficiency - ensuring the CPU is protected from overheating. What's more, the PWM function optimizes fan speed in real time, improving performance even further!

Modern design

The device is also equipped with LED backlighting, making it the perfect complement to transparent computer cases. Opt for a combination of exceptional efficiency and modern design - without compromise!

Kit includes:

Radiator

Fan

Intel & AMD installation kit

2 x fan mounting clips

Thermal conductive paste

Mounting screws

User Manual

Manufacturer

Darkflash

Model

S11 PRO

Color

Black

Cooling type

Active

Number of fans

1

Speed

1800 RPM

Maximum noise level

28 dBA

Airflow

73.59 CFM

Service life

20000 h

Supply voltage

12 V

Connector

4 Pin

Bearing type

Hydraulic Bearing

Illumination

ARGB

Number of Heat Pipes

4

Compatibility

Intel: LGA 775 / 115X / 1366 / 1200 / 2011 (Core i3/i5/i7/i9) / 2066; AMD: AM4/FM2 / FM1 / AM3+ / AM3 / AM2+ / AM2

Fan Size

120x130x25 mm

Dimensions

122x78x158 mm

Weight

900 g

Heatsink material

Copper + Aluminium

TDP

120 W

Preço:

€ 27.50

Jogos, Cooling, Active cooling
