TWS EarFun Free Pro 2 Headphones

The EarFun Free Pro 2 are versatile TWS headphones that provide excellent sound quality and comfort. They're equipped with 6mm drivers and offer QuietSmart 2.0 hybrid ANC noise cancellation, and they have up to 6 microphones so you can talk on the phone comfortably. Bluetooth 5.2 ensures a reliable connection, and the built-in touchpads provide quick access to all the useful features. The operating time of the headphones with the charging case reaches 30 hours.

QuietSmart 2.0 noise cancellation

Cut yourself off from annoying noise. The EarFun Free Pro 2 headphones support QuietSmart 2.0 hybrid ANC noise cancellation technology, effectively filtering out ambient sounds up to 40dB. This makes them perfect for a variety of scenarios - such as at work or while traveling. Say goodbye to annoying noise and focus on the next podcast episode or the details of your favorite songs!

Great sound quality

Experience how good the songs you love to listen to can sound. Free Pro 2 are equipped with dynamic 6mm drivers that deliver exceptionally clear sound, rich detail, perfect harmony and enhanced bass. They also deliver incredibly low distortion. Put on your new headphones, turn on your favorite playlist and rediscover the magic of music!

Hassle-free phone calls

Now you can talk on the phone without any hassle, even in noisy environments like on a crowded bus, at the mall or in the supermarket. Each earphone has 3 built-in microphones that will accurately record your voice. Free Pro 2 also support ENC noise cancellation. So they can provide crystal-clear sound during conversations - making sure the other person hears your every word perfectly.

Dreamlike comfort

Enjoy a comfortable fit. Earphones fit snugly and stay in, even when you're on the move or exercising. Each weighs just 4.1grams. They are also IPX5 water resistant so they are safe from drops of rain or sweat. The set also includes interchangeable ear tips in 4 sizes (XS, S, M and L) and special ear hooks in 3 sizes (S, M and L). This allows you to customize the Free Pro 2 even more and give them more stability.

Operating time of up to 30 hours

Don't worry about having to charge the headphones too often. The Free Pro 2 can play music for up to 6 hours on a single charge (when ANC noise reduction is turned off). You'll also find a handy aluminum alloy case included to extend that time to about 30 hours. The headphones also support fast charging. It only takes about 10 minutes for them to work for 2 hours! What's more, the case can be charged using both a USB-C cable and wirelessly.

Just a few taps

Operating the headphones is incredibly easy and convenient - you don't have to reach for your phone every time. Free Pro 2 have built-in touchpads with which you can, for example, pause and resume playback, switch songs, answer and reject calls, hang up, activate the voice assistant, select modes, and even adjust the volume. Now everything you need is right at your fingertips!

Bluetooth 5.2

Free Pro 2 are equipped with the advanced AIROHA AB1562A chip and support modern Bluetooth 5.2, offering lower power consumption and fast, stable and reliable transmission. In addition, each earphone connects to the selected device independently, allowing you to freely use them in different configurations. There's also a Gaming Mode that delivers a low latency of around 80ms. Enjoy smooth gameplay and achieve a great victory!
