Li-ion Screwdriver-Lite HOTO QWLS007 (blue)

Ref: 6974370800468

The HOTO brand is part of the Xiaomi ecosystem.

Li-ion Screwdriver-Lite Hoto QWLS007

Equip yourself with this HOTO universal electric screwdriver, which will make your work at home or in the workshop easier. Weighing only 185 g, it fits perfectly in your hand and ensures a high comfort of work. The torque of 3 N·m guarantees efficient and smooth work and the 1500 mAh battery is responsible for long operation time. The set includes 2 50 mm bits made of S2 steel.

Powerful motor

What makes the screwdriver enable you to drive screws so quickly and conveniently? Among other things, it's a powerful motor that runs at 200 rpm. High quality materials are also worth mentioning, which translates into resistance and durability of the device. HOTO QWLS007 will help you in many different situations - it will be useful during small repairs or assembling furniture.

High comfort of use

Are you afraid that prolonged work will cause discomfort and fatigue? Not at all. Its ergonomic design and low weight (185 g) make it comfortable to use, even for long hours. Two practical buttons facilitate operation - one for screwdriving and the other for unscrewing.

Long working life

The robust lithium battery with its 1,500 mAh capacity means you can use the screwdriver for a long time without having to worry about the battery running out. Fully charged, it can drive up to 200 screws. Energy renewal is not only convenient but also safe. The device has been protected against short-circuit, overheating, overvoltage and overcurrent.

Practical bits included

In addition to the screwdriver, the set includes two bits (PH2 / H4). In addition to the screwdriver, the set includes two bits (PH2 / H4) for DIY and small repairs to electronic devices and toys. The 50 mm length makes it easy to reach hard-to-reach places, and the use of high-quality S2 steel ensures durability and resistance to damage.
