

Brushless Drill HOTO QWLDZ001, 12V

Brushless Drill HOTO QWLDZ001, 12V

Ref: 6974370800079

The HOTO brand is part of the Xiaomi ecosystem.

Brushless Drill Hoto QWLDZ001

Choose a practical screwdriver that enables you to screwdrive and drill in a comfortable way. HOTO QWLDZ001 is equipped with a brushless motor and it works with a speed up to 1400 rpm, additionally it offers 2 operation modes (Pulse and Self-selecting). The easy to read LED display gives you access to the most important information and the 2000 mAh battery guarantees long operation time. Thanks to its simple handling, it is suitable for inexperienced users. The set includes various drills and bits.

2 operating modes and LED display

The device offers two working modes so that you can easily adjust its operation to individual needs. The Pulse mode is perfect for beginners, while Self-selecting allows you to manually set the torque of the screwdriver. The smart HD display also deserves a mention as it gives you access to the most important information about the operation of the device.

Brushless motor technology

What makes the HOTO QWLDZ001 screwdriver so fast and efficient in screwdriving and drilling? First of all, it is a durable brushless motor which works at the speed of up to 1400 rpm. It also provides a maximum torque of 30 Nm, which translates into efficient and

effective work.

Robust design

The drill chuck of this model has a non-slip surface and makes it easy to change drills. The ergonomic design and the use of high-quality PC and ABS plastic make it especially resistant to dirt and scratches. A special button allows convenient switching between drilling and screwdriving functions.

Cordless for a long time

Tired of cables and want to enjoy a high level of convenience? Well that's a good thing! The HOTO QWLDZ001 brushless screwdriver is equipped with a lithium battery with a capacity of 2000 mAh, which enables cordless work and ensures long operation time. The USB-C port allows for convenient charging - just connect the device to a charger or powerbank, and after about 120 - 180 minutes the device will be ready to work.

Practical accessories in the set

The set includes 4 metal drill bits, 4 wood drill bits and 10 bits made of S2 steel - such a wide range of accessories makes the device useful in many different situations. So you can use the screwdriver for renovation, repair, furniture assembly or DIY and successfully insert a screw or drill a hole.

Included:

Screwdriver

4x metal drill bits (3 / 4 / 5 / 6 mm)

4x wood drill bits (4 / 5 / 6 / 7 mm)

10x bits C6.3x50 mm (Slotted SL5, Phillips PH1 / PH2, hexagon H3 / H4 / H5, Torx T25, Asterisk PZ2, TW TW1, triangle 2.3)

USB-C cable
