ZHIBAI HL350 Negative Ionizing Dryer (black)

Professional ionizing dryer allows you to dry your hair safely and quickly. The presence of negative ions will improve the condition of your hair - your hair will become smooth and shiny. ZHIBAI HL350 dryer works with 1800 watts of power and is surprisingly quiet. What's more, HL350 is distinguished by its stylish and minimalist design - it will be a perfect gift idea.

Say goodbye to frizzy hair

Say goodbye to the problem of frizzy hair once and for all. The ZHIBAI HL350 uses ionization technology to produce negative ions that make your hair soft and smooth. Now you can effortlessly conjure up your dream hairstyle!

Safety and convenience of use

The technologies used are completely safe for our hair and do not cause damage to it. The dryer also provides low radiation, and has an energy-efficient design. ZHIBAI HL350 guarantees constant blowing temperature, so we don't have to worry about unwanted burns. It

offers 3 blowing options - warm blowing, for instant drying of your hair, and cool blowing, useful for styling. And the alternating blowing prevents your hair from drying out, leaving it moisturized and shiny. You can also choose the power of the blowing - the equipment offers a strong and a weaker flow.

High working power

You don't have to waste any more time on long and tiring hair drying! ZHIBAI HL350 works at a speed of 2000 rpm, which makes you dry your hair in just a few minutes. And that's not all! The device works extremely quietly, so the noises won't wake up even smaller household members.

Always at your side

The device will work well both at your home, on the road and in the beauty salon. It is completely safe for children and pregnant women. HL350 is handy and small enough that you can successfully fit it in a suitcase or store it in a home cabinet. It is equipped with a flexible 2.7 M power cord, and a 360 ° swiveling concentrator. Enjoy beautiful hair wherever you are!
