Baseus Bipow 20000mAh Powerbank

Do you want to be able to quickly charge your devices almost anywhere in the world? Try Baseus powerbank with a capacity of 20 000 mAh! You can connect several devices to it at the same time and not worry about their safety - complex protection system effectively prevents damage. Built-in LED screen makes it easy to use the product, and its compact size, light weight and compliance with international air transport standards allow you to take it with you almost anywhere.

Fast charging for your devices

The powerbank supports fast charging with up to 25 watts of power. It is perfect for powering your Huawei, Xiaomi or Samsung smartphones. Your devices can be ready for use again in no time - a great time saver! And what about the powerbank itself? It only takes 3 hours to fully charge it.

Connect multiple devices simultaneously

The device is equipped with multiple outlets, so you can connect more than one device to it at the same time. The product has 2 output ports: USB1 18W QC, which will allow you to instantly charge smartphones and tablets, and USB2 12W, to which you can connect your phone, a small fan, or a night light. And the 25W USB-C input/output port supports PD fast charging protocol and is backwards compatible with iPhone 12 / 13 (PD 20W). Charge 3 devices at the same time - no more waiting for the first one to be charged before

connecting the next one!

Don't worry about safety

The high-end polymer-lithium battery guarantees not only fast but also safe charging. Baseus offers protection against overvoltage, overcurrent, overcharging and short circuit, among others. The powerbank is also equipped with NTC temperature sensors that prevent overheating. The product intelligently detects connected devices and adjusts the charging rate to them, protecting them from damage.

Dream travel companion

Get yourself a reliable power source that can accompany you almost anywhere. Baseus powerbank is light and handy - its transport will not cause you any problem. You can even take this practical device on a plane - it meets all the necessary requirements. Baseus gives you the opportunity to conveniently charge your equipment everywhere you need.

You'll use it in tons of ways

The powerbank doesn't have to be used just for charging your phone! Baseus brand device is suitable for many different applications. Do you want to cool off a bit on a hot summer day? Connect your portable fan and enjoy a pleasant breeze! There's a power outage, your laptop is about to run out of power and you have an important project to finish? The Powerbank comes to the rescue!
