

Photovoltaic panel BigBlue B405 63W

Photovoltaic panel BigBlue B405 63W

Ref: 6975183210062

BigBlue B405 portable photovoltaic panel / solar charger

Opt for ecological and economical solutions. Portable photovoltaic panel BigBlue B405 63 W distinguished by efficiency up to 23.5% and allows you to draw energy from the sun, so you can save electricity and enjoy lower bills. The product is compatible with a wide range of devices and ensures safety of use. It also features a foldable design that makes it much easier to transport.

Take advantage of solar energy

Do you want to save electricity and pay lower bills? Or maybe you are going somewhere where access to electricity will be limited? With BigBlue you can do it! Photovoltaic panel B405 allows you to use widely available, ecological and free solar energy. Its efficiency is up to 23,5% - it is one of the most efficient products of this type available on the market. You no longer have to worry about running out of electricity!

Wide compatibility

With the B405 solar charger you can easily power many commonly used devices. The product is equipped with 2 USB ports, 1 USB-C port and 1 DC port. This makes it possible to connect your phone, tablet, laptop, small lamp or powerbank, among others. Moreover, in the package you will find a set of 10-in-1 connectors, with which you can connect the charger to most models of power stations.

Safe to use

Use ecological energy sources and enjoy safety of use. The B405's photovoltaic panel supports SmartIC technology, so it can provide smart, safe charging. No need to worry about damaging the charger or the devices connected to it! The product is also equipped with an advanced protection system against overcurrent, overload and short circuit.

It will prove useful while traveling

The B405 solar charger can accompany you almost anywhere. Its foldable design and practical handle make it extremely easy to transport. The panel is relatively light and after folding it does not take up too much space. It is also distinguished by water resistance IPX4, dustproof, durability and resistance to high temperatures. Even extremely demanding conditions will not frighten it!

In the box

Solar charger

Set of 10-in-1 connectors

DC cable with battery clips

USB-A to micro USB cable

USB-C to USB-C cable

DC to DC cable

User Manual

Brand

BigBlue

Model

B405

Efficiency

≥23.5%

Cell type

SunPower

Available ports

2x USB-A, USB-C, DC

USB-A output

5V-2.4A / 9V-2A / 12V-1.5A

USB-C output

5V-2.4A / 9V-3A / 12V-2.25A

DC Output

19V - 3A

Maximum power

63W

Dimensions after folding

290x175x65mm

Dimensions when unfolded

865x700x5mm

Weight

1480g
