Cordless Impact Drill Deko Tools DKCD16ID01-H5 16V

Deko Tools DKCD16ID01-H5 cordless impact drill

The cordless drill from Deko Tools is ideal for a variety of applications. It allows not only ordinary drilling, but also impact drilling and screwdriving. Thanks to its cordless, ergonomic design, it guarantees high comfort of use. The 1500mAh rechargeable battery ensures long working time, and the built-in LED backlight makes it easy to work in the dark.

Many applications

The drill by Deko Tools will find use in any home or workshop. It will meet the expectations of both amateurs and professionals. It allows drilling, impact drilling, as well as screwdriving. With its help you can easily drill a hole in wood, metal, plastic, ceramics and even cement. Among other things, it will come in handy during renovations. Its impact rate reaches 21,000bpm.

Additional capabilities

Adapt the operation of the drill to your needs and enjoy high efficiency of work. The device allows you to change the direction of rotation with a practical switch. Moreover, a special ring allows you to conveniently select the mode of operation (drilling, impact drilling, screwdriving). You can also easily adjust the torque and choose from 2 available speeds.

Thoughtful design

Ensure your comfort even during prolonged work. The rubber surface makes the drill fit perfectly in your hand and doesn't slip out of it. The cordless design lets you free yourself from cables that limit your freedom. In addition, the keyless chuck allows you to quickly change drills and bits, and the LED backlight makes it easy to work in low light. What's more, the durable 1500mAh battery allows you to use the device for a long time.
