

Photovoltaic panel Allpowers AP-SP5V 10W

Photovoltaic panel Allpowers AP-SP5V 10W

Ref: 5907489608978

Allpowers AP-SP5V 10W photovoltaic panel / solar charger.

With the Allpowers AP-SP5V photovoltaic panel, you will gain a portable power source to charge your devices with 5V. The product is highly efficient and features a foldable, compact design. Its wide compatibility ensures that you can supplement the energy of various equipment.

High efficiency

The charger is distinguished by its very high efficiency. With an efficiency of up to 23.5%, it tops most panels on the market - usually with an efficiency of 15% or less. Get a free, efficient energy source that will help you in more than one situation.

Thoughtful design

The panel is designed so that you can use it on trips and excursions. The compact design makes it easy to transport, and the included metal clip allows you to mount it on the outside of your backpack, for example. The device weighs only 300 g, so it won't cause discomfort with too much weight. The AP-SP5V is also waterproof.

Wide compatibility

With the help of the Allpowers AP-SP5V solar charger, you will successfully charge equipment that is compatible with 5V (USB) voltage.

These include devices such as iPad Mini, iPhone, Samsung, Blackberry, Bluetooth headphones, iPod and many others. The panel supports technology that adjusts the charging power to the connected device.

Set includes:

Solar panel

2 x metal mount (carabiner)

Micro USB cable

Instructions for use

Manufacturer

Allpowers

Model

AP-SP5V 10W

Peak power

10W

Efficiency

22%-25%

Output interface

USB

Output power

5V1.6A(Max.)

Dimensions (folded)

270 x 170 x 10 mm / 10.6 x 6.7 x 0.4 inches

Dimensions (unfolded)

465 x 265 x 3 mm / 18.4 x 10.4 x 0.1 inches

Weight

300 g / 0.66 lbs / 10.5 oz

Safety certifications

FCC, RoHS, CE

Preço:

€ 26.00

Energia, Solar panels
