

Multifunctional Cooling Stand iPega PG-P5028 for PS5 and acc

Ref: 6974363710217

Multifunctional Cooling Stand iPega PG-P5028 for PS5 and acc

iPega PG-P5028 Multi-Functional Cooling Pad for PS5 Console

The iPega cradle allows you to charge 2 PS5 controllers and 2 MOVE controllers simultaneously, saving you time. It also makes it easy to keep your console and its accessories neat and tidy. It's also equipped with 2 fans to prevent your hardware from overheating, and 2 hooks for headphones or VR glasses. Additionally, the PG-P5028 is available in two colour options: black and white.

Fast and convenient charging

The PG-5028 will charge up to 4 controllers at the same time (2 PS5 controllers + 2 MOVE controllers), allowing you to save time. Moreover, the voltage of 5 V, ensures stable charging - after about 4 h the PS5 controller will be ready for further use, and MOVE - after about 5 h. In addition, a dedicated indicator in red signals the charging process, and in blue signals a fully charged battery.

Effective cooling

The stand has 2 fans that effectively prevent the PS5 from overheating and affect its performance, in addition, their quiet operation will not annoy you. Moreover, the product is equipped with a dedicated switch, with which you can set the speed of the fans at 3 levels. Each level is marked with a different colour: the first one in blue, the second in green and the third in red. You can also turn off the backlight at any time if you don't need it. Furthermore, the PG-P5028 is compatible with the PS5 digital and CD-ROM console.

User-friendly

The iPega-branded product also has special hooks on which you can hang headphones or VR glasses. Moreover, it has been equipped with an additional four USB-C adapters and space for a remote control. And the unique, modern design of the PG-P5028 will perfectly complement the gaming zone.
