

CPU active cooling Aigo ICE 200 (heatsink + fan black)

CPU active cooling Aigo ICE 200 (heatsink + fan black)

Ref: 6926170087853

Aigo ICE 200 LED active CPU cooler

The Aigo ICE 200 keeps your CPU cooler with 2 heat pipes, a powerful fan and HDT technology. The device is easy to install and supports the intelligent PWM control function. The colorful backlighting is a real eye-catcher and allows you to give your computer an original gaming character.

Optimized solutions for efficient cooling

Aigo ICE 200 is your new way to optimal cooling of the CPU. 2 heat pipes ensure effective heat distribution for efficient hardware operation. The 90mm fan spins at up to 1800 RPM. You can also take advantage of the HDT technology. The copper cooler base is in direct contact with the CPU, significantly improving heat conduction.

Intelligent PWM control

AIGO offers even more optimum solutions. This includes intelligent PWM control. When the temperature changes, the fan automatically adjusts its performance to give you the best results.

Simple and quick installation

Forget about complicated and time-consuming installation. The AIGO brand cooler features a user-friendly design that makes it easy to

install, saving you precious minutes. The product is compatible with selected models of Intel and AMD platforms.

Colorful backlighting

The Aigo ICE 200 impresses not only with its efficiency. The fan blades have been equipped with colored backlighting that provides a beautiful glow and makes your hardware look truly outstanding. It provides your CPU with optimal cooling and gives your computer a phenomenal gaming character!

Set includes:

Radiator

Fan

Intel & AMD installation kit

1 x fan mounting clip

Thermal conductive paste

Mounting screws

User Manual

Manufacturer

AIGO

Model

ICE200

Color

Black

Cooling type

Active

Number of fans

1

Speed

1800 RPM

Maximum sound level

23 dBA

Airflow

26 CFM

Supply voltage

12 V

Connector

3 Pin

Type of bearing

Hydraulic Bearing

Backlight

LED

Number of heat pipes

2

Compatibility

Intel: LGA 775 /115x /1336 (Intel Core i3 i i5)AMD: AM4 / AM3

Fan size

90x90x25 mm

Dimensions

92x63x133 mm

Heat sink material

Copper + Aluminum
TDP
95 W

Preço:

€ 16.00

Jogos, Cooling, Active cooling
