Computer Case Darkflash DLC29 Mesh (white)

Ref: 4710343794288

Darkflash DLC29 Mesh Computer Case

The Darkflash DLC29 Mesh computer case will allow you to create a hardware configuration on which you play or work well. It has been equipped with several ports such as USB 3.0, USB 2.0 and HD Audio. It has been created from excellent quality materials, making it extremely durable and easy to maintain. The mesh-style metal panels blend in perfectly with the backlit components.

Built-in bays and ports

The product has bays for a 330mm VGA card and for a maximum 165mm CPU cooler, which will solve the problem of unsightly cabling. There is also the option of mounting 360mm and 240mm water coolers. There are also 2 USB 3.0 inputs for fast file transfer, as well as 2 USB 2.0 inputs and a single HD Audio input.

Cooling system

The case has been designed to perfectly protect your equipment from overheating. It is equipped with a high-quality internal cooling duct and allows the installation of up to 6 fans: 3 120 / 140mm fans or 360mm watercooling at the front, one 120mm fan at the back, 2 120 / 140mm fans or 240mm watercooling at the top of the case.

Mesh structure

The side panel and the front panel are made of metal in a mesh structure. Thus, they match perfectly with the backlit components. Opt for a combination of functionality and style that catches the eye and will be a great addition to any interior.
