

Memory card SANDISK EXTREME PRO microSDXC 1TB 200/140 MB/s U

Ref: 619659188535

Memory card SANDISK EXTREME PRO microSDXC 1TB 200/140 MB/s U

SANDISK EXTREME PRO microSDXC 1TB 200/140 MB/s A2 C10 V30 UHS-I U3

Enjoy lightning-fast data transfer with the SanDisk memory card. The product reads files at up to 200 MB/s and writes at 140 MB/s. The 1TB capacity allows you to store more data, and the A2 performance class is responsible for faster application performance. In addition, you can record videos in 4K UHD and Full HD quality without unnecessary interruptions.

Reliable speed

The SanDisk memory card allows you to copy files at speeds of up to 200 MB/s, so you won't have to wait long for your files to transfer. On the other hand, you will save them at speeds of up to 140 MB/s. What's more, optimization for the use of applications has a positive effect on their speed, which translates into a greater user experience.

Rugged and compatible

The GN6MA is distinguished by its rugged design. The memory card is resistant to shock, water and extreme temperatures, as well as X-rays. So you can take it on vacation without worrying about damage. What's more, it works with Android smartphones, sports cameras and drones.

Included

memory card

SD adapter
