Earphones Soundpeats Air 3 (White)

Ref: 6941213605221

Soundpeats Air3 wireless earphones

Enjoy your favorite tunes with the state-of-the-art Soundpeats Air3 earphones. Also use them for online meetings, remote lectures or video chatting with friends. Active noise cancellation and a dual microphone on each earbud ensure your interlocutors can hear you clearly. The Aptx codec and Bluetooth version 5.2 are responsible for the incredible sound quality, while the availability of a game mode is sure to provide a unique immersive experience. Charge the device using the USB Type C cable included in the package.

Long runtime

The long-lasting battery provides an incredibly long runtime for the earphones. One full charge guarantees up to 5 hours of uninterrupted music playback. The included charging case can extend the Air3's runtime up to 17.5 hours. Take advantage of the innovative wireless charging solution and take your accessory with you wherever you go. In addition, the case has a built-in USB-C charging port for fast renewal of its energy.

Special game mode

Advanced Qualcomm aptX-Adaptive technology offers reliable and stable signal transmission and extremely low latency. Air3 do not cause any interference when using multiple applications intensively at the same time. If you are a fan of dynamic games, be sure to try the dedicated mode. In order to effectively activate the low latency mode at 60 ms, you only need to hold down the left function button.

The highest quality sound

The use of a diaphragm driver measuring 14.2mm will produce a finely tuned, richly detailed audio signal. You will be amazed by the tonality of the sound, listening for previously unnoticed accents in melodic compositions. Put on Soundpeats earphones and discover crystal clear and well-balanced sound without any distortion.

Get rid of annoying noise

Air3 features four microphones and a cVc system with 8.0 configuration, responsible for meticulously minimizing any outside noise. This successful combination ensures that clear words are transmitted to enhance fluency during conversations. Whether you're calling your loved ones or having an important conference call, with Soundpeats earphones you gain complete confidence that everyone will hear you correctly.

Comfortable operation

The compact design and sturdy construction is a successful combination that will work in any situation. Take Air3 earphones with you on a long journey or on an autumn walk and cheer yourself up with atmospheric songs. The light weight and compact size allows you to easily carry them in your backpack or purse. Moreover, ergonomic shape of earphones makes you forget about any discomfort. Touch panel will facilitate everyday use of the equipment, offering access to the most important functions.
