Soundpeats Air 3 Pro earphones

Enjoy your favorite songs with the state-of-the-art Soundpeats Air 3 Pro earphones. Also use them for online meetings, remote lectures or video chatting with friends. Active noise cancellation along with dual microphones in each earphone will make sure your interlocutors hear your spoken words perfectly. The Aptx codec and Bluetooth version 5.2 are responsible for amazing sound quality, while the availability of a gaming mode is sure to provide an exceptional immersive experience. Charge the device using the USB Type C cable included in the package.

Long runtime

A long-lasting battery ensures an incredibly long runtime for the earphones. One full charge guarantees up to 6 hours of uninterrupted music playback. The included charging case allows you to extend the Air 3 Pro's operation for up to 24 hours. Take advantage of the innovative wireless charging solution and take the accessory anywhere you want. In addition, the case has a built-in USB-C charging port for fast renewal of its energy.

Special gaming mode

Qualcomm's advanced aptX-Adaptive technology offers reliable and stable signal transmission and extremely low latency. The Air 3 Pro causes no interference with intensive use of multiple applications at the same time. If you are a fan of dynamic games, be sure to try the

dedicated mode. In order to effectively activate the mode with low latency of 60 ms, you only need to hold down the left function button.

Superior sound quality

The use of a diaphragm driver measuring 12 mm will produce a finely tuned, richly detailed audio signal. Marvel at properly accented tonality, listening to previously unnoticed accents of melodic compositions. Put on Soundpeats brand earphones and discover crystal clear and also properly balanced sound without any distortion.

Say goodbye to annoying noise

The Air 3 Pro features four microphones and a cVc system with an 8.0 configuration, responsible for meticulously minimizing any outside noise. This successful combination guarantees the transmission of clear words to enhance fluency during conversations. Whether you're calling your loved ones or holding an important conference call, with Soundpeats earphones you'll gain complete confidence that everyone will hear you correctly.

Comfortable handling

The compact design and sturdy construction is a successful combination that will work in any situation. Take the Air 3 Pro earphones with you on a long journey or on an autumn walk and cheer up with atmospheric tunes. The light weight and compact size make it easy to transport in a backpack or purse. Moreover, the ergonomic shape of the earphones will make you forget about any discomfort. The touch panel will facilitate the daily use of the equipment, offering access to the most important functions.
