Ref: 6974363712174

Wireless Gaming Controller iPega PG-9211B with smartphone ho

iPega PG-9211B wireless controller / GamePad with phone holder (black)

PG-9211B is a wireless controller with phone holder. It is distinguished by its compact design, so you can always carry it with you. The ergonomic design is responsible for the comfort of use, and the included case will facilitate storage. In addition, it works with smartphones with a screen size of 4.7-6.8" and is available in two color options: white and black.

Lightweight and portable

The iPega controller features a lightweight and compact design, so you can take it on vacation, on or off to work or college. You'll also find a carrying case for easy storage and to keep the PG-9211B safe. It also has an extra pocket where you can store the charging cable.

Thoughtful design

The Game Pad consists of two parts, and the buttons are arranged to give you the most convenient access to them. In addition, with the RT button you will send a stream of arrows or fireballs towards your opponent. The PG-9211B has 2 rechargeable batteries with a capacity of 250 mAh (each), which allows you to use it for up to 10 h. What's more, a USB-C cable is included, with which you charge the device. After about 2.5-3 h, the controller will be ready to use again.

Compatible

The controller connects to your device via Bluetooth 5.0, which has a range of 10 meters. It is compatible with smartphones with a screen diagonal of 4.7-6.8" and Android 6.0V (or later) and iOS 13.0 (or later) operating systems.
