

USB to Lightning cable Vipfan A01, 3A, 1.2m, braided (black)

Ref: 6971952430082

USB to Lightning cable Vipfan A01, 3A, 1.2m, braided (black)

USB to Lightning cable Vipfan A01

The Vipfan A01 cable allows you to quickly charge your devices, and also allows you to transfer files in a short time. It provides an output current of up to 3A, and the copper cable is responsible for its efficient performance. The product is also very durable - it is equipped with aluminum connector covers and nylon braid. The length of the cable is 1.2m.

Fast charging - fast data transmission

Don't like to wait too long? The Vipfan A01 cable will not let you down! It allows you to transfer files quickly, it also allows you to charge your devices in no time. It is equipped with a cable made of pure copper, which is responsible for its stable, reliable performance. The maximum output current of the cable is as high as 3A!

Refined design

The A01 cable will serve you excellently for a long time. Don't worry that it will break or be damaged in other ways. The high-density nylon braid provides it with unparalleled durability. Aluminum alloy covers protect the cable's connectors, and its most sensitive areas have been additionally protected.

Convenience of use

The length of the cable is 1.2m, so you can use your devices comfortably while charging. You will also find a practical Velcro fastener, which makes it much easier to transport and store the product. It will also help you stay organized. No more clutter in your drawer, backpack or purse!
