Vipfan P03 USB-C to Lightning cable

Now you can quickly charge your devices and transfer files. The USB-C to Lightning Vipfan P03 cable is equipped with a copper cable and stands out with up to 20W of power. What's more, thanks to tungsten alloy connector covers, it is extremely durable and resistant to damage. Its length is 1.5m.

Fast charging - fast data transmission

No more prolonged waiting until your devices are ready to work again! The P03 cable supports PD fast charging, and is also distinguished by its power of up to 20W and output current of up to 3A. This means that with its help you will charge your iPhone 8 to 50% in just about 30 minutes. The product also allows you to transfer files in no time.

Improved design

A core made of 100% copper is responsible for the reliable performance of the cable. The P03 connectors have been equipped with durable tungsten alloy covers - they are in no danger of damage. The product is also resistant to bending, pulling and wear. What's more, the most sensitive points of the cable have received additional protection.
