USB Cable Vipfan X16 3w1 USB-C/Lightning/Micro 66W 3.5A (cz

Ref: 6971952430587

Vipfan X16 3-in-1 USB-C / Lightning / Micro 3.5A 1.5m USB cable

With the Vipfan cable you can charge up to 3 devices simultaneously and save time. This is made possible by the ports: USB-C, Lightning and micro USB. Thanks to the use of copper conductors, the cable charges your equipment at 3.5A. In addition, solid workmanship translates into durability and resistance to damage.

Charge 3 devices simultaneously

You no longer have to wait for one device to charge to connect another. The Vipfan cable features ports: USB-C, Lightning and micro USB, so you can renew the power of, for example, your smartphone, headphones and powerbank at the same time. What's more, the use of pure copper conductors influences the fast charging of your equipment (3.5A).

Thoughtful design

Another advantage of the cable is its solid construction. The product was made of aluminum alloy, and the ends are additionally reinforced, so they are protected from breakage and damage. Moreover, the nylon braid also contributes to the durability of the X16. All this ensures that the Vipfan product will serve you for a long time.
