Mechanical Gaming Keyboard Havit KB870L RGB (black)

Havit KB870L RGB (black) Mechanical Gaming Keyboard

The mechanical keyboard from Havit is a powerful and robust tool for gamers and users who require high-quality hardware. The keyboard is equipped with 26 anti-ghosting keys, which allows free control during gaming and prevents accidental pressing of unnecessary keys. The device uses blue Outemu switches, guaranteeing the best overall performance for gaming and everyday use. It offers colorful RGB backlighting that will create a unique atmosphere on your gaming rig.

Exceptional switch life

The Havit mechanical keyboard is distinguished by its robust construction, with a key life of up to 20,000,000 clicks, meaning the keys will withstand thousands of hours of heavy use. There's also a special Windows key lock button at your disposal to prevent accidental exits and ensure continuous gameplay.

Comfortable use

The keyboard consists of 104 keys and is distinguished by its ergonomic shape, which means you will enjoy comfort even when using it for hours. It is equipped with a long 1.5-meter cable for convenient connection to your computer. The metal construction of the case guarantees durability and resistance to rusting, which is especially important for users who spend a lot of time at the computer.
