

Headlight Superfire HL58, 350lm, USB

Headlight Superfire HL58, 350lm, USB

Ref: 6956362941939

Superfire HL58 headlamp flashlight

The powerful and solidly built Superfire HL58 headlamp will provide you with stable illumination in many different situations. It is equipped with rechargeable batteries with a total capacity of 2400 mAh and can be used as a portable power source. The LED provides stable light with a brightness of 350 lm and a range of 200 m, in addition, the HL58 offers 3 lighting modes, allows you to adjust the light output and position of the lamp. Battery level indicators are also a plus.

Comfort and safety

Do you fish? Or do you like evening walks? The Superfire HL58 headlamp will provide you with stable illumination and keep your hands free. The product provides light with a brightness of 350 lm and a range of up to 200 m, so you will see every detail and everything that stands in your way.

Tailored to your needs

The Superfire HL58 allows you to adjust the light output, so you can easily illuminate both close objects and distant places - just twist the ring located on the lamp. You can also choose from 3 operating modes (Weak, Strong and Strobe).

Comfortable and efficient

The flexible headband easily adapts to the shape of your head, while the adjustable lamp holder allows you to adjust its position within 90°. This way you can effectively illuminate selected objects, and the flashlight will do its job in many different situations. Also noteworthy is the efficient power source, thanks to which the HL48 provides up to 4.5 hours of operation and can serve as an emergency power source.
