

## Camping lamp Superfire T26, 420lm

Camping lamp Superfire T26, 420lm

Ref: 6974760350771

### Superfire T26 camping lamp

The handy Superfire T26 camping lamp guarantees even illumination regardless of the conditions. You can easily charge it with the Micro USB cable included in the package. The lamp generates light with a brightness of 420 lm and a range of 25 m<sup>2</sup>, so it will accurately illuminate a campsite or create a unique atmosphere in the garden. It can operate for up to 6 h and offers 3 lighting modes. In addition, it is equipped with a practical hook for easy installation.

### A reliable source of lighting

Are you going on a camping trip? Or maybe you are organizing a party with friends in the garden? The Superfire lamp will be perfect for any situation and will provide stable 360° illumination. With its high-end LED, the device generates light with a brightness of 420 lumens and has a range of 25 m<sup>2</sup>.

### 3 modes of operation

The camping lamp offers up to 3 lighting modes, so you can easily adjust its operation to suit your needs. Low, High and Strobe modes are at your disposal. So you can use the device during a car emergency, an outdoor party, reading a book in the evening or fishing! In addition, the environmentally friendly and energy-efficient light source is also an added bonus.

#### Long working time

The device is equipped with powerful rechargeable batteries with a total capacity of 3600 mAh, which allow for 6 h of operation on a single charge. To renew the energy, simply connect the lamp to a power source using the Micro USB cable you will find in the package. After just about 8 h it will be ready to work again!

#### Practical details

The T26 model has a built-in display, from which you will learn about the current state of charge of the lamp. You will no longer have to wonder when to plug in the device for charging! What's more, the lamp also has a functional hook that will make it easy for you to mount it.
