Powerbank Romoss PSP10 10000mAh (white)

Romoss Powerbank PSP10 10000mAh

Lightweight and durable - this is how the PSP10 powerbank can be described in a nutshell. The product weighs only 218 g, and with a capacity of 10 000 mAh, it will allow you to charge your smartphone several times on a single charge. In addition, it is equipped with a USB-C and micro USB port, and the LED display will provide you with information about charging.

Fast charging

The powerbank is equipped with a lithium-ion battery, which provides more efficient operation and faster charging of 5V / 2.1A, thus not damaging the charged devices. As a result, it will charge the iPhone 8 about 4 times and the Samsung Galaxy S8 about 2.5 times.

2 built-in ports

Charge 2 devices simultaneously. The Romoss Powerbank has 2 ports: micro USB and USB-C, allowing you to charge 2 devices at the same time. Enjoy the possibilities that the PSP10 offers.

LED Display

Now you can stay up to date! The powerbank is equipped with an LED display that will provide you with information about the charging process. Just take a glance to know the battery level of your device.

Safe charging

The powerbank has been equipped with a number of safety features, making it completely safe to use. The device is protected against overcharging, over-discharge, overheating, reverse polarity and over-current, among other things. Additionally, PSP10 can be taken on a plane.

Lightweight construction

Another advantage of the PSP10 is its lightweight design. The powerbank weighs just 218g and is 17 mm thick, it has also been made of skin-friendly materials. This makes it comfortable to use, you can also store it easily.
