

## Powerbank Romoss SW20S Pro 20000mAh, 30W (white)

Ref: 6936857200987

Powerbank Romoss SW20S Pro 20000mAh, 30W (white)

Powerbank Romoss SW20S Pro 20000mAh, 30W (white)

Ensure safe and fast charging of your devices, no matter where you are. The SW20S Pro powerbank features 20000mAh capacity and 30W fast charging. The 3 USB outputs allow you to charge several devices at the same time, while the 3 inputs ensure convenient renewal of the powerbank's energy. The digital LED screen informs you about the charge level, but also about the voltage and amperage.

Charge up to 3 devices simultaneously

The product has as many as three output ports, making it possible to charge up to three devices at the same time. The SW20S Pro is equipped with one USB-C port with fast charging (30 W), and two USB ports with fast charging (22.5 W). Save time and charge several devices at once!

High capacity - fast charging

The Romoss SW20S Pro has a 20000mAh battery, which will allow you to charge your smartphone up to several times. What's more, the product allows fast charging (30W) - now you will charge your Iphone in just 30 minutes to 60%.

Safety of use

You don't have to worry that your equipment will be damaged while charging - the Romoss powerbank protects against overcharging,

overvoltage, overcurrent, short circuit, electromagnetic field and harmful temperature effects.

#### Easy access to key information

The Romoss powerbank has a digital LED display that provides information about the charge level. However, that's not all. Innovative technology allows you to switch between modes and display information about voltage and charging rate. In addition, a small icon will appear on the screen when the charger is in fast charging mode.

#### Hassle-free powerbank energy renewal

When the need arises, you can replenish the SW20S Pro's energy with a Micro USB, Lightning and USB-C cable. Then it will take 5 hours to completely renew the energy, after which the powerbank will be ready for use again.
