

Powerbank Romoss Sense6PS Pro 20000mAh, 30W (white)

Ref: 6936857200949

Powerbank Romoss Sense6PS Pro 20000mAh, 30W (white)

Romoss Sense6PS Pro powerbank 20000mAh, 30W (white)

Take advantage of the Romoss Sense6PS Pro when there is no power source nearby. The Romoss powerbank supports fast charging protocols, and with a range of security features, using it is completely safe. Equipped with 3 output ports, it allows you to charge several devices simultaneously. In addition, it is compatible with most smartphones and tablets from popular brands.

Instant charging

You no longer have to wait indefinitely for your smartphone to charge. The powerbank supports fast charging protocols. This will charge your device's battery in no time.

Safety

The Powerbank has been designed to make using it completely safe. The device is protected against overcharging, overcurrent, over-discharge, overvoltage, short circuit, etc. In addition, you can also use it while traveling on an airplane.

Multiple ports

The Sense6PS Pro has 3 output ports: one USB-C and two USB. This means you can charge 3 devices at the same time, for example, a smartphone, a tablet and a console. In addition, it is equipped with 3 input ports: USB-C, Lightning and micro USB, to which you connect

the cable and charge the powerbank.

Long working time

The capacity of the powerbank's battery is 20,000 mAh, so it can renew your device's energy multiple times on a single charge. In addition, the charging time of the Sense6PS Pro is about 4.5 hours.

Wide compatibility

Another advantage of the Romoss product is its wide compatibility. The powerbank works with devices such as smartphones and tablets with Android and iOS operating systems, for example, Samsung, Xiaomi, Huawei or iPhone.

Sleek, durable design

The powerbank is made of environmentally friendly materials, and is also resistant to minor damage and scratches. In addition, the LED display will let you know the current battery level. Its lightweight and compact design will make it easy to store.
