

## Powerbank Romoss SENSE8PF 30000mAh, 22.5W (white)

Ref: 6973693497256

Powerbank Romoss SENSE8PF 30000mAh, 22.5W (white)

Romoss powerbank SENSE8PF 30000mAh, 22.5W (white)

With the Romoss powerbank you will quickly and conveniently renew the energy of your equipment. The device is distinguished by its 30,000mAh capacity and allows you to charge 3 devices simultaneously. It has an LED display that allows you to track the status of the Sense8PF, and thanks to its wide compatibility you will connect it to most devices.

### Fast charging

The Romoss powerbank works with PD, QC, FCP, etc. fast charging protocols, so you'll quickly renew your device's energy. As a result, it only takes 30 minutes to charge a Huawei P40 to 60% and an iPhone 13 to 55%. What's more, the USB-C and x2 USB ports allow you to charge 3 devices simultaneously.

### 30,000 mAh capacity

The Romoss Sense8PF is equipped with a 30,000 mAh battery, which translates into a long battery life. With the powerbank, you will charge the iPhone 13 and Samsung Galaxy S21 up to 6 times, and the Huawei P40 and Xiaomi 11 Pro - about 4.7 times. On the other hand, it will take about 8 h to renew the energy of the device itself. You will use the ports for this: USB-C, micro USB and Lightning.

### Safety of use

The powerbank is designed to be completely safe to use. The Sense8PF has protection against overcharging, overcurrent, over-discharge, overheating, short circuit, overvoltage, electromagnetic field, reverse polarity, etc.

#### LED display

Another advantage of the Romoss powerbank is the LED display. From it you can read the remaining battery level, amperage and voltage values. What's more, the screen will also show a fast charging icon - just take a look.

#### Included

powerbank

USB cable

user manual

Manufacturer

Romoss

Model

Sense 8PF

Color

white

Battery

lithium-ion

Capacity

30,000 mAh

Rated capacity

18,000 mAh (5V/3A)

Weight

approx. 671 g

Input voltage

USB-C: 5V/3A, 9V/2A; Micro USB: 5V/2A, 9V/2A

Lightning: 5V/2A, 9V/2A

Output voltage

USB-C: 5V/3A, 9V/2.22A, 12V/1.67A

USB: 4.5V/5A, 5V/4.5A, 9V/2A, 12V/1.5A; 5V/3A max.

Dimensions

approx. 169 x 80.3 x 32.8 mm
