

Powerbank Romoss Sense 8P+ 30000mAh (white)

Ref: 6958377507070

Powerbank Romoss Sense 8P+ 30000mAh (white)

Romoss Sense 8P+ 30000mAh Powerbank (white)

The powerbank will save you time - it offers x2 USB-A ports and a USB-C port, so you can charge 3 devices simultaneously. What's more, it's compatible with various fast charging protocols, and the 30000mAh capacity provides up to 7 days of use on a single charge. It has various safety features, so using it is completely safe, and the LED display will let you know the status of your device.

Reliable

Business trip, vacation, gaming, sudden power outage - in these and many other situations the Romoss powerbank will prove its worth. The device is equipped with 3 ports, so you can charge several devices simultaneously. What's more, the powerbank supports such fast-charging protocols as PD 18W, QC, FCP, etc. so that you can renew your iPhone 13's energy up to 50% in about 30 minutes.

Durable battery

The Romoss Powerbank is equipped with a 30000 mAh battery, which translates into about 7 days of operation on a single charge. This will charge your iPhone 13 about 7 times, and your iPad about 3 times. To renew the device's energy, use the USB cable (not included). After about 8 hours of charging (18 watts), the Sense 8P+ will be ready for further use.

A range of safety features

The powerbank meets international quality and safety standards, so you can use it without worrying about damaging the device. The product is equipped with protection against overcharging, over-discharge, overheating, overvoltage, reverse polarity, short circuit, etc.

Built-in LED display

The Romoss powerbank is equipped with an easy-to-read LED display for convenient access to key information. With just a glance, you can check the battery level, voltage or amperage.
