

Landing pad for drones Sunnyslife 55cm hexagon (TY-TJP08)

Ref: 5907489609692

Landing pad for drones Sunnyslife 55cm hexagon (TY-TJP08)

Sunnyslife drone mat/landing pad 55 cm hexagon (TY-TJP08)

Sunnyslife's TY-TJP08 double-sided mat will increase safety and stability during landing. It is water resistant, portable and lightweight. It also comes with a carrying case for easy storage. What's more, the landing pad fits drone models such as DJI Mini SE/FPV/Air 2S/ Mini 2/Mavic 2/Mavic Air 2/Mavic Pro/Phantom 4 Pro/FIMI X8SE 2020. etc.

Safe landing

The Sunnyslife mat protects your drone and lens from damage when landing on an uneven surface, for example, grass, forest, or beach. In addition, the shape of the landing pad resembles a honeycomb, which increases resistance to wind gusts and ensures stability.

Thoughtful design

The mat was made of water-resistant PU plastic, so you can use it regardless of the conditions, and cleaning DJI-TJP05 will not be a problem. The double-sided design in yellow and orange will allow you to adjust its position depending on the color of the ground. The solid finish prevents the mat from delaminating at the edges, and the included carrying case will make it easy to store and transport.
