

Wireless projector HAVIT PJ205 PRO (grey)

Wireless projector HAVIT PJ205 PRO (grey)

Ref: 6939119046118

HAVIT PJ205 PRO Wireless Projector / OHVIT Projector (gray).

Want to create a unique cinematic atmosphere in your home? The PJ205 PRO will help you do it! The Havit brand projector offers excellent image quality with a resolution of up to 1080 p, features a long lamp life and an image brightness of 200 ANSI lumens. The product uses WiFi, which allows you to synchronize the image. It supports stereo sound, for even better immersion during gaming, and its operation is surprisingly quiet.

Thoughtful design

The PJ205 PRO features a thoughtful design. The low weight and portable handle allows you to transport and carry the projector conveniently. Enjoy the freedom of a Havit brand projector!

Excellent image quality

The wireless projector supports 1080 p HD resolution. It features a resolution of 1920 x 1080 p and a projector brightness of 200 ANSI lumens. The solutions used ensure excellent image quality, richness of details and excellent color reproduction. The device allows you to perform trapezoidal correction, so you will eliminate errors made when setting up the projector.

Android TV 9.0

The HAVIT PJ205 PRO projector, is compatible with Android TV 9.0, so you can project your favorite game on the big screen and ensure the highest level of entertainment. What's more, you can use the projector to watch movies from Netflix or YouTube and use many other popular apps.

High-quality sound

The product features HIFI stereo sound, which provides clear sound and extraordinary immersion while playing your favorite games. In addition, the PJ205 PRO operates extremely quietly, not exceeding 45 dB.

Image synchronization

The PJ205 PRO allows you to connect wirelessly to your smartphone or tablet, which is a great option for all gamers. You don't need any additional receivers, all you need is a WiFi connection to sync the two images.

Additional capabilities

The projector allows you to reverse the image in the setup - it allows front and rear projection. You can place it on a table, attach a tripod to it, or hang it from the ceiling to save space. You'll find a remote control included, so you can conveniently operate the projector.

Wide compatibility

The device is equipped with ports; HDMI, USB, AV and 3.5mm. Thanks to this, the projector stands out for its wide compatibility and you can easily connect it to your computer, PS4 console, TV and many other devices.
