

Stand for monitor / laptop Nillkin HighDesk (black)

Ref: 6902048211629

Stand for monitor / laptop Nillkin HighDesk (black)

Nillkin HighDesk stand for monitor / laptop (black)

Ensure optimal working conditions with your computer. The Nillkin HighDesk stand is made of high-quality materials and offers adjustable height. It features wide compatibility, so you can place many models of monitors or laptops on it.

Thoughtful design

The metal construction of the stand is distinguished by its high stability and stylish black finish. Anti-slip caps, placed on the underside of the base of the stand, guarantee that it will not move on the surface of the desk.

Wide compatibility

The HighDesk model offers wide compatibility with many models of monitors and laptops. This is influenced by the optimal size of the top panel and the maximum weight of the placed device - up to 15 kg. What's more, the adjustable height allows you to maintain a healthy posture at the computer - regardless of your height.
