

Wireless charger Nilkin PowerHold Mini Qi with stand (grey)

Ref: 6902048206359

Wireless charger Nilkin PowerHold Mini Qi with stand (grey)

Wireless charger Nilkin PowerHold Mini Qi with stand (grey)

Nilkin PowerHold Mini is a Qi wireless charger with a convenient stand. It offers a 15W fast charging function and a detachable induction panel. It is distinguished by its compact, foldable design and customizable angle.

Fast charging

The product supports fast charging with 15W of power. So you can, for example, fully charge your 2018 iPad in 290 minutes. Note: To charge devices that do not have the default wireless charging technology, you will need to equip yourself with a Magic Tag Plus adapter (sold separately).

Thoughtful design

The product's design allows you to detach the induction panel from the cradle, so you can successfully charge your smartphone, for example. The compact, foldable design of the PowerHold Mini model allows you to take it with you virtually anywhere. It uses a durable aluminum alloy in its production, applying anti-slip caps. What's more, it also features an adjustable tilt angle.

The set includes:

Stand

Induction charger

Charging cable

User manual

Manufacturer

Nillkin
