

## Wireless charging Nillkin Fast Stand Pro (black)

Wireless charging Nillkin Fast Stand Pro (black)

Ref: 6902048190122

Qi inductive wireless charger with stand Nillkin Fast Wireless Charging Stand Pro (black)

Enjoy convenient and fast charging with the Nillkin Fast Wireless Induction Charging Stand Pro. The product allows you to safely renew the energy of Qi-compliant smartphones, while also acting as a stand and providing great comfort while watching movies and videos. The product is compatible with many popular phone models, charges with a maximum power of 15 watts and effectively dissipates heat.

### Wide compatibility

The induction charger allows you to quickly renew the energy of many popular phones compatible with the Qi standard. So you can easily charge models such as iPhone 11 Pro, Samsung Note 10, Huawei Mate 30, Xiaomi 9, OnePlus 8 Pro, Oppo Ace2 and many others. The solid construction is also a plus - the non-slip insert ensures a stable position, and the ABS material is highly resistant to mechanical damage.

### Charger and practical stand

The charger can renew the energy of compatible devices at 15W, 10W, 7.5W or 5W - it will take about 150 minutes to fully renew the energy of the iPhone XS. In addition to being a charger, the product works well as a stand. You can lay your phone vertically or horizontally and comfortably watch an episode of your favorite TV series or broadcast a match.

#### The highest level of security

The product has a number of safety features, so you don't have to worry about overvoltage, overheating or overcurrent. The charger is also distinguished by efficient heat dissipation and offers a FOD function that automatically detects unwanted metallic objects and immediately stops the charging process.

#### Included

Wireless charger

Cable (1m)
