Tempered glass Nillkin 3D CP + MAX for Xiaomi 12 Pro / 12S

Nillkin 3D CP+ MAX tempered glass for Xiaomi 12 Pro/12S Pro

Make sure your smartphone is properly protected. The Nillkin tempered glass is tailored to fit the screen of the Xiaomi 12 Pro/12S Pro and is distinguished by its hardness of 9H. What's more, it is resistant to fingerprints, and you won't have any problems installing it.

Versatile protection

The Nillkin tempered glass consists of 5 layers, including an oleophobic, shock-resistant and anti-glare coating, so you can use your device comfortably and safely. Its thickness is only 0.33 mm, and installation is quick and easy, so you won't have any problems. In addition, the product works with all models of Nillkin cases.

Thoughtful design

The production of the glass uses CNC process, laser cutting, bending, etc., which affects its strength. In addition, 3D technology makes the glass blend perfectly with the device and covers the curved screen completely. What's more, its light transmittance is 99.9%, so it doesn't change colors. It also does not affect the screen's touch sensitivity.
