

Power strip with 2 AC sockets, 3x USB, USB-C, LDNIO SE2435,

Ref: 6933138692004

Power strip with 2 AC sockets, 3x USB, USB-C, LDNIO SE2435,

Power strip with 2 AC outlets, 3x USB, USB-C, LDNIO SE2435 (white)

Equip yourself with a practical power strip and charge up to 6 devices simultaneously. LDNIO SE2435 is equipped with two AC outlets, three USB ports and one USB-C port. It quickly renews the energy of smartphones and tablets compliant with PD3.0 and QC3.0 protocols, moreover, the built-in voltage sensor ensures optimal current, extending the life of electronic devices.

Thoughtful design

The power strip uses a number of safety features, making it fully safe for connected devices and posing no danger to the user. It is made of flame-retardant PC material, which is resistant to temperatures up to 850°C. Importantly, each outlet has an independent switch, so you can save energy and manage selected devices. The short cable is also a plus, allowing you to keep things tidy.

Wide compatibility

Wondering if the strip will be suitable for charging your devices? No worries. The product is equipped with 4 USB ports - two Auto-ID, one PD-compatible and one supporting QC3.0 fast charging. So you can conveniently charge your smartphone, tablet or wireless headphones. There are also two European AC outlets at your disposal.
